

# Autism Family Practitioners - Community Clinics

**We are a Doncaster service working with children and young people with a diagnosis of autism (0-19), their families and professionals. We offer advice and support through community clinics; this can be either face to face or over the telephone. A booked clinic appointment can be used to problem solve a particular difficulty, to share a success, or used simply as a space for you to be heard. Clinics run between 9:30am and 7pm, and are booked appointments.**

**Please visit our Facebook page - “Doncaster Autism Family Practitioners”**
