

Music at Stone Hill School is an extremely important part of our curriculum. We invest in specialist peripatetic music teachers who provide guitar, singing, piano and choir sessions. All pupils have access to a newly build, modern music studio for which their specialist lessons are taught. Lower school pupils take part in planned singing and music sessions and show off their musical talents through Don Valley Music Festival, assemblies in schools and our annual Christmas Nativity. Upper School pupils take part in creative arts with a specialist music teacher. Many Upper School pupils also take up the opportunity to join choir and enjoy performing throughout Doncaster. We feel the children's enthusiasm for music within school is encouraged through regular performances and workshops from 'Live Music Now' and other live musical sessions. Part of our pupil premium funding allows us to keep providing these exciting opportunities for pupils within our school.
