

School Council Annual Election day 28th September 2018

The annual School Council Elections took place on the 28th September. The Election Day was planned and organised by School Councillors from last year's School Council. It was an excellent day and all classes now have newly appointed School Councillors.

The school was honoured the **Civic Mayor of Doncaster**, Councillor Majid Khan attended the event. The pupils were very welcoming and pleased that he had been able to give his time to attend. He was very impressed with the School Councillors organisation and the realistic approach to voting which he commented on his twitter account "gave our pupils real life skills".

We are looking forward to the new School Councillors continuing to make a difference to the school and being proactive in ensuring pupils voice is heard and instrumental in effecting positive change for the school..
