

Cycling:

A group of Y10/11 pupils have been exploring local bike trails and bridleways over a 4 week period during KS4 Leisure Time. The pupils looked at maps to decide on the areas that they wanted to explore. They checked the bikes and made any adjustments that were needed prior to setting off on each ride. Out on the trails they decided as a group which direction to go in and discussed the nature of the terrain and how to ride over it safely.

The group looking at the maps and information to work out which way to go.

Decision made. Off we go!!!
